Hey Jim,

For our chat today, here are two things:

1. I've highlighted a version of SC's Water Withdrawal Rule to focus in on the language we're looking at.
2. I'm attaching American Rivers' petition. On page 23 of the PDF, there is an interesting set of comments from the State DNR that are helpful in the review as well.

I'm working at home today, so I can call you at your work number. If you are also flexing, my number at home is 404-
